Dear Barbara,

Fish stories which are true
your Uncle Ben, Kelous and I were
fishing in a boat in Uncle Ben Bond.
we were having some luck on the bass
and all of a sudden your uncle Kelous
had a strike which developed some hard
run and pulls. I happen to have my
movie camera and took pictures of
the water boils. when he was able
to get the fish in close enough
which we saw it was two fish on the
same lure and I got the picture
of the landing the fish.

I got a thrill showing this picture
to our friends.

Barbara - you can rewrite these events
and put them in the proper form and if too long
you can cut out lots of words.

This is the fishing events that come to
mind right now.
